Homework Guidelines

As part of the Home - School Agreement, all partners in the school - children, staff, governors and parents - agree to support the school in the child's education.

It is vital that children establish a workable homework routine where regular homework is seen by them as part of their education.

The Government provides clear guidelines on homework, which focus on numeracy and literacy, and the school's homework policy is based on this.

Children are provided with a homework book and a Reading Record Book which they are expected to look after and bring to school on the required days.

The school's Homework Policy is available to all parents and you can request a hard copy or view it on our website:

Communication

If you have any questions or any information you would like to share about your child's education, please do speak to the class teacher in the first instance.
You may also discuss concerns with the Deputy Headteacher or the Phase Leader.
The Headteacher is, of course, available to become involved where necessary.
