

As Designers we will design and make a moving vehicle. We will use the skills of measuring, cutting, and joining to make sure the vehicle is strong. We will use our scientific knowledge to help us with our designs. We will evaluate our vehicles and suggest improvements.

As mathematicians we will be developing our fluency in number and understanding of place value. We will use this knowledge to develop our reasoning skills as well as learning how to add and subtract.

As linguists we will be learning how to speak some Afrikaans.

As Gardeners we will begin to plant our new beds and allotments whilst developing our understanding of the needs of plants.

As Artists we will be investigating artists from South Africa and the Arctic. We will be exploring different palettes of hot and cold colours to create our own paintings of contrasting locations.

Celebration:

Come and watch us perform in our Christmas production!

Land Ahoy!

What can maps and globes tell us about our world and where we live?

As Geographers we will be using geographical vocabulary to make observations and records about our local area before using books, maps and globes to help us locate the British Isles, Europe, Africa and the Arctic. We will also solve challenges outdoors, using our map reading and orienteering skills.

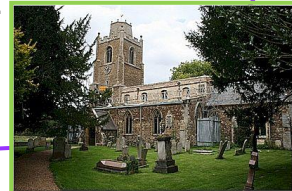

Music: We will listen to and perform music from different styles and traditions. We will learn songs for our Christmas play.

PSHCE & 6Rs:

We will learn about rules and our responsibilities through reviewing the 6Rs and the school values. We will review why bullying is wrong and how to stop it if it happens.

RE: We will visit our local church and discover how Christians worship. When we visit this place of worship, we will consider why the church is a special place to those who go there.

As Writers we will label diagrams & write simple reports and instructions. We will investigate different fiction texts and write our own pirate stories!

PE: We will practise and improve our gymnastic skills with the Huntingdon Gym coaches. We will also practise our throwing and catching skills. We will learn how to Bhangra dance and we hope members of our family will come and join us!
