

**As Artists:** we will explore different ways of mark making which we will then use to help practise our observational drawing skills by exploring patterns in the natural environment.

**Maths:** We will be investigating what a number is. How we represent numbers in different ways and why we use numbers.

**Celebration!**  
We will invite parents to our nativity performance.

### As Gardeners

We will investigate what happens to our natural environment as the seasons change from Summer to Autumn.

**ICT:** We will use programmable toys and the iPads to use simple programmes. We will also make a photo story film about traditional fairy tales.

**If you go down to the woods today what might you find?**

**PE:** We will be working with St Neots Football Academy taking part in various team building and multi-skills sessions.

**Music:** We will explore how to make sounds with different instruments and our bodies.

**As Geographers** we will explore our local area. We will look at maps of our local area and make our own plan of Holt Island.

**As Scientists** we will find out about different materials natural and man-made. We will investigate which properties mean a material is good for building.

**PSHCE & 6Rs:** We will learn about our 6R's and school behaviour systems. We will think about how we can keep ourselves safe. We will learn to work together as part of a team and take care of our class pets.

**As Writers** we will be talking about things that interest us and explore the different ways we can record our ideas.

**RE:** We will think about places that are special to us and different people.
